

Wayne-Finger Lakes BOCES

We offer New York State High School students an opportunity to take courses online through asynchronous, web-based instruction. AccelerateU currently employs more than 30 New York State certified teachers with at least 5 years teaching experience in their content area. Each course is offered in a semester based format to further increase flexibility and better meet student and district needs.

AccelerateU Student Online Courses

AccelerateU has combined quality content with exceptional teachers on cutting-edge technology to deliver top of the line courses

Quality Teachers

Teachers demonstrating superior knowledge and teaching skill in their content area are selected and further qualified through our online course which looks at instructing students in the online environment. Regular opportunities to further share and learn from each other are offered in the form of ongoing professional development.

Variety of Course Offerings

The breadth of courses offered at AccelerateU is meant to meet a variety of student and district needs.

The Power of AccelerateU

Our student online courses are able to powerfully affect the ability of districts to meet students' needs. These high quality, engaging courses offer another solution to pressures and mandates placed on NYS schools and students.

High Accountability

Students are assessed in various formats and held accountable at multiple levels. These include journals, discussion boards, online quizzes and exams, essays and projects. Students are held accountable by their online instructor through weekly contact. Additionally, districts assign a local advisor to act as a physical presence.

Enrollment

Students can be enrolled at any time during a calendar year on a rolling basis, although Advance Placement (AP) courses have strict enrollment dates due to the applicable test schedule.

Aidable

AccelerateU student online courses are taught by New York State certified teachers and managed by a New York State educational agency. These requirements are maintained so that every course is aidable at your COSER aid ratio.

- All courses have been aligned to NYS standards and are taught by NYS certified teachers
- Each course is equivalent to a semester of work and content
- Descriptions including objectives can be found online at <http://accelerateu.org>

Course List 2009-2010
